- With the 27 skill sets completed, students will be able to solve a number of the challenging questions that they will encounter

### About Breeze Education:

Breeze Education offers Maths and Science tuition to Upper Primary and Secondary students. Lessons are structured to address the key bottlenecks in learning experienced by students which include lack of clarity on topic focus and how to apply those concepts in solving examination questions. Some classes are tailored to have a particular focus on areas that are commonly faced by students such as the P6 Maths Problem Solving Class. Tuition sessions are conducted by Dr Francis who has a PhD in Biomedical Science from National University of Singapore and has been conducting tuition since 2000.
